2010: “The Year of No Excuses”

In response to this challenge, the DLGF Team has accomplished the following:

- Streamlined the data compliance process for assessment-sales ratio study approval purposes;
- Simplified the annual adjustment rule to allow for the use of only one year of sales and repealed the previous guidance that assessments be changed even if assessment level and uniformity statistical measures were within international standards; and
- Established a goal to issue 2010 budget orders within 60 days from receipt of certified net assessed values from the county auditor.
